

GLUE FLAP

WARNING: Allay should not be used if you are pregnant or think you may be pregnant. Allay should not be used if you have an implanted active medical device or metallic implants. Allay is not for use on skeletally immature persons. See product insert for more information.

Patients have called Allay a modern miracle. Actually, the benefits of pulsed electromagnetic field therapy have been clinically accepted for many years. What is new is that we've made it smaller, virtually weightless and inexpensive. Allay is "wearable" technology that treats the source of discomfort, allowing you to quickly return to your active life. The Allay device is flexible, lightweight, easy to apply and use. Once activated, Allay begins pulsing a continuous low level current to energize the damaged cells during your menstrual period and removes the effects so you can feel better, faster than you ever thought possible!

Allay delivers the same pulsed electromagnetic therapy used by physicians, therapists and athletic trainers worldwide to reduce pain and swelling and accelerate healing.

ALLAY DELIVERS ANTI INFLAMMATORY THERAPY IN AN AFFORDABLE, SMALL, LIGHTWEIGHT DEVICE!
